

Household Cleaning Kits

The Details:

Drive Length: 1 month (flexible)

Location: Your office or community space

The Need:

When our clients move into a housing location they often don't have any cleaning supplies to keep their new home clean. They are also usually struggling to cover essential expenses and don't have any extra money to buy cleaning supplies. Being able to keep one's home clean is important for one's mental health, and to demonstrate that you are a responsible renter. Help us welcome clients into a new space by providing these items!

The Activity:

Suggested items for your care kits:

- bucket
- mop (roller sponge mop suggested)
- baking soda & white vinegar
- broom and dustpan
- rubber gloves
- dish sponges
- hand written note or card with a message wishing the recipient well in their new home
- dish soap
- cleaning cloths
- bristle/steel wool scrubbing pad
- oven cleaner
- all-purpose cleaner
- laundry detergent

Each kit does not need to have the exact same things in it, place smaller kit items in the bucket or a large zip-lock bag. All items in the kit should be new.
